Trade and Industry Ease Up Pending Advent of Settled Weather.

New York, May 6.—Bradstreet's weekly review of trade says what might be termed a breathing spell is being taken in numerous lines of trade and industry pending the advent of settled weather, clearer views of crop output and the settlement of the Chicago strike. Heavy rains or cool weather have retarded corn and cotton crop preparations and retail trade, but have favored winter wheat, which fully holds the magnificent promise of a month ago, while an increased area is certain in spring wheat, which latter, however, needs more moisture. Iron and steel are rather quiet as regards new business and increased ease is noted in old material, pig iron and bars, but structural material is eagerly bid for and large orders for railway cars guarantee activity for the mills for months to come. The building trades and all connecting lines, such as lumber, hardware, paints and glass, are apparently doing the business of their lives, unchecked and untouched by the usual May day labor disturbances. All visible indications of trade point to large increases over previous years at this date. Bank clearings are of enormous volume, next to the largest ever recorded; failures are fewer and liabilities smaller than a year ago, railway earnings are indicative of a heavy tonnage movement, but money is strikingly easy, considering recent past activity in trade.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at H. P. Dunn & Co.'s drug store; price 50c.

WILL MEET WEDNESDAY

Commission Appointed by ex-Gov. Van Sant to Secure Site for Sanitarium for Consumptives Will Meet.

The commission appointed by ex-Gov. Van Sant to assist the state board of control in securing a site for a sanitarium for consumptives at Walker will hold a meeting next Wednesday to consider the advisability of using a balance of \$17,000 left over from last year's appropriation of \$25,000 for the selection of a site, for the purpose of maintenance.

The recent legislature appropriated \$50,000 available in the next two years for the construction of the cottages, but made no provision for maintenance.

The commission consists of Dr. H. Longstreet Taylor, St. Paul; Dr. J. L. Camp, Brainerd; Dr. G. S. Wattram, Warren; Dr. G. B. Waisser, New Ulm, and Dr. G. F. Roberts, Minneapolis.

Side Talks by the Office Boy.

I heard a man get off something the other day that sounded to me like true talk. He said, "Man is made of dust. Along comes the sprinkling cart of fate and his name is 'Mud.'" The fates are kind to the Linnemann customers, because when you trade here you get kind treatment and good honest value. You carry away the impression, "There's a white store." You get to thinking to yourself, "Today I'll tell the truth all day." Then you'll find it easy the next day and so on till you get the habit.

My goodness, but we're busy! I'll be glad when this spring rush is over. It's a picnic for the customers, but its tough on me. I'm getting bow-legged carrying packages around. If I had it to do over again I'd select a wealthy and influential father; then I wouldn't have to work myself; I could work him.

The manager says I'm learning so rapidly it's going to be hard for this establishment to keep up with me.

COMPANY F MUSTERED OUT

Orders to this Effect Have Been
Received by Captain J. M.
Heffner of this City

ALEXANDRIA GETS COMPANY

Brainerd Now Out of National
Guard of State—Capt. Heffner
May Get Position.

Company F is no more, general orders having been received in this city mustering the company out of service. The equipment was checked up last week and shipped to St. Paul and immediately following the return of the equipment officer to St. Paul the order was received by Capt. Heffner.

It has been positively decided that Alexandria will get Company F and arrangements are now under way to start the company out there. There was quite a strife for this company between some of the towns of Northern Minnesota. Bemidji was a strong candidate for the company and they were so confident up the line that way last winter it was reported that the company would be transferred there.

Capt. Heffner is still captain and it is not improbable that he will be given something equally as good in National Guard circles in the state.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Mattson-Shores.

There will be a good wrestling match in Gardner hall on Wednesday evening, May 10, when Carl Mattson, the heavy weight wrestler of Minneapolis, will meet Bert Shores, the well known Mankato heavy weight. Mattson is particularly well known to the sporting fraternity. It was between him and Coleman that a match was partially arranged last winter in this city, but at that time he could not get away. Both are clever men on the mat and an excellent bout is to be seen. They will go on the mat for three out of five falls, the winner to take seventy-five per cent of the receipts and the loser twenty-five per cent. There is also a side bet of \$100 which has been posted. The winner will challenge Chas. Moth.

WIND AND RAIN HELPED GOOD DEAL

Raised the Water in the Rivers
and Lakes and Logs are
Going Down

CAUSED SOME DAMAGE HOWEVER

Wind Broke Up Some of the
Booms in the Lakes With
Disastrous Results

While the wind and the raising of the tide in some of the lakes in Northern Minnesota may have resulted in some damage, generally speaking the last few days have been good ones for the logging industry.

The heavy rains resulted in a steady rise in the rivers and the lakes and the old Mississippi is now black with logs going down. The river was very low up to these recent rains and it was a problem how the logs would ever get down this summer, but the rains have lifted them from the moorings and they are now going down in good shape.

J. J. Howe, who came up from Minneapolis yesterday states that the same condition was apparent all along the line and he believes that the raise in the river at this time will result in much good.

NORTHERN LEAGUE

A letter from Playing Manager White at Northfield states that twelve or thirteen men have reported at Northfield for work and a tryout. Mr. White states that he expects to sift things down so that he will announce his team in a few days.

Harry Claytor, of St. Paul, will be the playing manager of the Winnipeg team of the northern league this season. President J. M. Lamb of the Winnipeg team was in St. Paul a week arranging terms with Claytor, and the agreement was reached Wednesday evening just before Mr. Lamb left for Winnipeg with a number of players he had signed in the twin cities.

Manager M. J. Reilly returned today from the southern part of the state. He states that things are progressing very satisfactorily in league matters and that Brainerd fans need have no fear; that the team to represent St. Cloud and Brainerd will be a good one. Playing Manager White has arranged games with Chippewa Falls and Faribault before the team will be brought here. The season will open here May 18 and Manager Reilly will at once commence to make improvements on the grounds. New bleachers will probably be built and the diamond will be put in first class shape.

WANTS LAW ENFORCED

Governor Gets Complaint From Woman
in Brainerd About Some Matters
of Public Interest

Governor J. A. Johnson today received a protest from a woman residing at Brainerd against the non-enforcement of the laws in that city. She said she wrote especially "as a mother" in protest against the temptations continually open to the young people. Saloons, she wrote, were open all night and all day Sunday. The quiet of Sunday was always disturbed with noisy baseball games and other sports. Drunken men were numerous and women on the streets were liable to insult.—Minneapolis Journal.

Gull Lake

Hon. F. B. Lynch, of St. Paul, has decided to build some cottages on the east shore of Gull lake and it is more than likely that there will be quite an exodus of people to this lake this summer from the twin cities. The lake is conceded to be one of the most beautiful in the state and the fishing is excellent.

MUSIC AND DRAMA.

BEN HENDRICKS IN "OLE OLSON."

"Ole Olson" the first of the Swedish dialect comedy drams to gain success and popularity will be played at the Brainerd opera house Monday night with Ben Hendricks as "Ole". Gus Heege, who wrote this play was the first to extract comedy and heart interest from the Swedish types of character, and "Ole Olson" is recalled as an interesting and pleasing comedy drama, in which this type of character is presented with dignity and naturalness and at the same time with an appreciation of comedy effects. The plot, which centers around the tribulations of a young widow and the efforts of a faithful young Swedish man whom she has befriended to lighten her burden, is told with the natural simplicity that is heart appealing.

The development of the Swedish immigrant from the uncouth and awkward Swedish American citizen of the last act is carried along on lines of mingled comedy and pathos that have "the simple annals of the poor" ever in mind. The company is a good one and is the only one authorized to present this play. Prices \$1, 75c, 50c and 25c.

Good Style

H. W. LINNEMAN, Agent,
616 Front Street.

The trouble with most shoes is that they begin to feel comfortable about the time they are worn out and shabby looking.

In total disregard of the true curves of the human foot, every shoe, except the Ralston, is made with an almost flat, rigid sole. It is not until months of wear that the leather begins to take on the curves that mark the bottom of your foot.

These curves exist in a Ralston Health Shoe when you buy it

That's the reason you can put on a pair of Ralston Shoes and walk off immediately with the old shoe comfort inside and the stylish new shoe appearance outside.

You escape the weeks of torture "breaking in" shoes. You get material and workmanship that challenges the best efforts of high-priced makers anywhere. You get styles—graceful, thoroughly up-to-date, and approved by men who make dressing a fine art.

LOUISVILLE, KY., April 14, 1903.

I have been weak and sickly for the past four years, caused by irregularity and carelessness regarding the laws of health, but about five months ago my condition became very serious. I had severe backache and suffered a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience.

His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it. I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine of Cardui I was once more a well and happy woman.

WINE of CARDUI

Wine of Cardui regulates the menstrual flow, banishes headaches, backaches and bearing-down pains. Severe headaches, bearing-down pains, indigestion, loss of appetite and nervousness are symptoms of female weakness and should be given prompt attention. If you are troubled with menstrual irregularities do not let them run on. They will certainly grow into dangerous and chronic troubles. Get a bottle of Wine of Cardui and begin treatment at once.

All druggists sell \$1.00 bottles of Wine of Cardui.

FAREWELL DINNER TO CHOATE.

Distinguished Britons Pay Tribute to American Ambassador.

London, May 6.—"Certainly the crowning hour of my life is this farewell benefit to the English state." So Joseph H. Choate characterized the farewell dinner at the Mansion House at night at which probably was the most remarkable gathering of notables, numbering 300, ever assembled at the historic residence of the lord mayor of London. In the words of Sir Henry Campbell-Bannerman, it would be "impossible to collect a more representative gathering." All parties, classes, professions and opinions from the great metropolis, represented by the lord mayor himself, to the government, represented by Arthur J. Balfour and the Marquis of Lansdowne, together with a few of the American community, were present.

Mr. Choate sat at the right hand of the lord mayor, next to him was Mr. Balfour and next to him Lord Lansdowne. On the left hand was the Archbishop of Canterbury and Lord Wellington. Senator Spooner of Wisconsin was present, and the other guests included Earl Minto, Lords Strathcona and Mount Stephen, Sirs Frederick Treves, Conan Doyle and Thomas Lipton, Hon. John Morley, the lord mayors of Liverpool, Manchester, Birmingham and other large towns, Rudyard Kipling, Alfred Austin and Anthony Hope.

The Archbishop of Canterbury pronounced grace and the benediction. The aged lord mayor, a white bearded, picturesque figure in his rich costume, toasted the king and queen.

Sir Henry Campbell-Bannerman proposed "The President." Premier Balfour, in toasting Mr. Choate said: "No greater honor could have been done me than to have proposed this toast."

On rising Mr. Choate was greeted with rounds of applause. He spoke at considerable length and with much feeling. He said he was glad to be returning to his native land, but he regretted to leave his friends in England. He dwelt at length upon the friendly relations between England and the United States, and concluded by paying a tribute to Whitelaw Reid, his successor at the court of St. James.

CALL FOR A CONFERENCE.

Directors of Equitable Life to Meet Without Officers.

New York, May 6.—A call for an informal conference of directors of the Equitable Life Assurance society, unsigned, became public during the day and was the development of chief interest in the corporation's affairs for the past twenty-four hours. The call was dated May 1 and read:

"Dear Sir—You are respectfully invited to attend an informal conference of the directors of the Equitable Life Assurance society, not including its executive officers, to be held at the board room of the society, 129 Broadway, on Monday, May 8, 1905, at 3 o'clock."

The "executive officers" include President Alexander, Vice President Hyde and Second Vice President Tarbell. It was stated at night some of the directors denied having received the call, but this was not persisted.

The call gave rise to various stories as to its origin, it being said that it was issued by those desiring to see Postmaster General George B. Cortelyou president of the society.

DESPITE THE SLIPPERY TRAILS.

President Roosevelt and Party Co. Bear Hunting.

Glenwood Springs, Colo., May 6.—Ice-coated mountains with their slippery trails could not keep the president under cover during the day. At noon the clouds lifted and the snow and rain, which had fallen continuously for four days, ceased. With the first appearance of the sun the party started out, but though the hunt was continued until dark it was unsuccessful. An early start will be made in the morning and the president hopes to get one more bear. He has not been discouraged by the bad weather. His health has been excellent and the wild camp life is to his liking. If the day proves to be a good one for the chase the most will be made of it and the arrival at Glenwood Springs delayed until Sunday morning.

BRITT DEFEATS WHITE

MAGNIFICENT BATTLE AT SAN FRANCISCO ENDS IN VICTORY FOR AMERICAN.

PUT UP VERY CLEVER FIGHT

BUT THE BRITISH PUGILIST WAS

NO MATCH FOR THE CALIFORNIA SCRAPPER.

San Francisco, May 6.—James Edward Britt of California became champion lightweight of the world at night when he knocked out Jabez White of England at the close of a magnificent twenty-round battle. With just twenty seconds to go Britt hooked the Englishman with a left on the jaw and the foreigner went to the mat, where he lay flat on his back for eight seconds. He staggered to his feet but was powerless to defend himself and Britt swung right and left on his jaw. The referee, to save the plucky Englishman from needless punishment, stopped the contest, although White was still on his feet leaning up against the ropes in a helpless condition. White was carried to his corner and in a few minutes revived sufficiently to make a little speech in which he said:

"I fought the best I knew how. I received fair play, but Britt is evidently the better man."

Britt's victory was of course loudly acclaimed by the people of his own town, but White, though a defeated man, was cheered just as vociferously for the magnificent fight he made.

White Lacked Knockout Blow.

All through the fight White showed he was entitled to compete for championship honors. He is a clever boxer, an experienced ring general and has a cool head that carried him out of difficulty many times. He seemed, however, to lack one requisite for a champion, a knockout blow. He landed on Britt's jaw many times with both right and left but apparently did not hurt the little San Francisco bulldog.

In the twelfth round it looked as if White had a chance. He landed a vicious straight right on Britt's jaw and as the latter was off his balance he went to the floor and rolled under the ropes. He was not hurt, however, and came back fighting faster than ever. Britt forced matters all through the fight.

Britt paid a tribute to White by saying he is the cleverest boxer in the world. "He stalled and blocked and kept me away in a manner that was never done before," said the champion. "Had he come at me and led I could have finished him sooner as he would have left more openings."

The fight was by long odds the cleverest exhibition that has been given in recent years in San Francisco.

ISAAC PERRY ACQUITTED.

Found Not Guilty of Setting Fire to Plant at Hegewich, Ill.

Chicago, May 6.—Isaac Perry, who has been on trial charged with having set fire to the Chicago Car and Locomotive plant at Hegewich, Ill., to secure the insurance money on the plant, was acquitted by a jury in Judge Kersten's court during the day. The car and locomotive works, which were burned down several months ago, had been shut down for some time. Mr. Perry, who was president of the National Bank of North America, was also an officer of the Hegewich concern. The bank of which Mr. Perry was an officer had loaned the concern several hundred thousand dollars and Mr. Perry was charged with setting fire to the plant to secure the insurance money to meet the claim of the bank.

FIRE IN A COAL YARD.

Chicago Police Believe It Was the Work of an Incendiary.

Chicago, May 6.—Fire at night broke out in the coal yard of the Peabody Coal company at the intersection of Twenty-eighth street and the Pennsylvania railroad. The damage done was slight. The flames were first discovered by the engineer of a passing locomotive who sounded the alarm. A large crowd soon gathered, but no one turned in an alarm. The reason for this is explained by the feeling against the Peabody company, which is a strong factor in the teamsters' strike. The blaze was seen from a distance by a policeman who notified the fire department. The police declare that the fire was caused by an incendiary.

BOTH COMMIT SUICIDE.

Husband and Wife End Their Lives by Shooting.

Springfield, Ill., May 6.—After laying out their wedding clothes and writing letters directing what disposition was to be made of their bodies, Oscar Sims, a farmer, and his bride of four months committed suicide by shooting during the day just outside of their home. A shotgun was found lying against a fence. They had lived supposedly a happy life.

Washington, May 6.—After three hours of discussion the International Railway congress adjourned to the White House, where Vice President Fairbanks, in the east room, received the members of the congress.

RESULT OF A STORMY DEBATE.

Hungarian Premier and Herr Pozsgay May Fight a Duel.

Budapest, May 6.—A duel between Premier Tisza and a member of the opposition, Herr Pozsgay, will be the probable outcome of a stormy debate in the lower house of the Hungarian diet during the day.

Premier Tisza had bitterly assailed the demand of the opposition in the address to the throne, and especially that section demanding custom boundaries against Austria. He pointed out that Hungary as an independent state would only be able to conclude treaties under the most unfavorable conditions, while it was of the utmost importance that Austrian markets should be open to Hungarian agricultural produce. The premier was interrupted by Herr Pozsgay, a member of the opposition, who said it was "beyond patience that a fallen premier should speak with such insolence."

An uproar ensued, and the sitting was suspended. Afterward Count Tisza sent his seconds to Herr Pozsgay.
